

I'm strongly believe that Sinclair Broadcasting's insistence to air the anti-Kerry "documentary" is an obvious abuse of their FCC liscence. This is further proof that they will do whatever it takes to advance their cause of owning more and more media outlets. They support Bush, Bush supports Michel Powell, Michale Powell allows them to own more stations and the Smith brothers get richer and richer. In the meantime, the public loses their rights to constructive viewing and responsible use of OUR airwaves.

Please cancel the broadcast liscense of all Sinclair stations.

Thank you, Eileen Sabroff
